MASTER BRAND HANDOFF

THE DIGITAL WALL OF KINDNESS

IDENTITY / PRINT / SIGNAGE / DIGITAL / BRAND EXPRESSION

AUGUST 2026

THE DIGITAL WALL OF KINDNESS

FASHION DESIRABILITY. ZERO PRICE. HUMAN GENEROSITY.

RELOVED is a premium fashion-first platform built around a simple act: pass useful items from one life into another, with dignity, desirability and no resale economy in between.

01

DESIRABILITY

Items are presented with the dignity of fashion, not charity.

02

DIGNITY

The recipient experience is respectful, private and premium.

03

MOVEMENT

Every item continues a cycle: give, receive, relove, repeat.

ONE IDENTITY. TWO LEVELS OF EXPRESSION.

PRIMARY EMBLEM

Hero expression for profile, campaign, wall plaque, social and high-attention moments.

PRIMARY WORDMARK

RELOVED

The restrained fashion mark. Use when the identity must stand with clarity: navigation, documents, editorial, partnerships and minimal print.

LIGHT SIGNATURE

A light-environment counterpart. Keep the Ring subtle: luminous enough to be recognisable, quiet enough to remain premium.

RESPONSIVE LOCKUPS FOR EVERY CONTEXT.

PRIMARY EMBLEM

Profile, hero, wall plaque

HORIZONTAL LOCKUP

Headers, partners, documents

STACKED LOCKUP

Centred / vertical spaces

RING MARK

Favicon, map pin, motion

R MONOGRAM

Ultra-small utility use

NEUTRAL BASE. RECOGNISABLE ENERGY.

CORE

INK BLACK
#111111
Primary structure and wordmark.

WARM IVORY
#F4F0E8
Primary canvas and physical wall.

SIGNATURE

RELOVED PINK
#F42B8C
Signature energy and status.

DEEP MAGENTA
#C51D8C
Depth and premium contrast.

RING / SUPPORTING

RING GREEN
#9BE34A
Ring anchor and micro-accent.

SPECTRAL VIOLET
Digital only
Allowed only inside the RGB Ring interpolation.

USAGE RATIO

78% NEUTRAL

16% PINK / MAGENTA

6% RING ENERGY

Rule: colour supports identity; it does not become the interface. The Ring is the strongest chromatic device. The surrounding product experience remains predominantly ivory, black and photography.

FASHION RESTRAINT, DIGITAL CLARITY.

DISPLAY / WORDMARK

RELOVED

The RELOVED wordmark is master artwork. Do not recreate or substitute it by typing. Preserve its proportions, tracking and condensed fashion character.

UI / BODY

MANROPE / NEUTRAL GROTESK

The Digital Wall of Kindness

Give. Receive. Relove. Repeat.

AVAILABLE MATCHED PRELOVED FREE

Use the body family for utility, navigation and readable product information. Let the wordmark and campaign typography carry the fashion attitude; keep the commerce layer quiet.

CONSISTENCY PROTECTS THE MARK.

CLEAR SPACE

The wordmark 'RELOVED' is shown in a bold, black, sans-serif font. Four small pink dots are placed around the wordmark: one at the top left of the 'R', one at the top right of the 'D', one at the bottom left of the 'R', and one at the bottom right of the 'D'. These dots indicate the required clear space around the wordmark.

Maintain clear space equal to approximately the cap-height of the 'R' around the wordmark and equivalent optical breathing room around the emblem.

MINIMUM SIZE

The wordmark 'RELOVED' is shown in a bold, black, sans-serif font.

WORDMARK

120 px digital / 25 mm print

EMBLEM

48 px digital minimum

EXPRESSIVE DIGITAL. CONTROLLED PHYSICAL.

DIGITAL RGB

Glow, soft diffusion and RGB interpolation allowed.

LIGHT RGB

Subtle Ring on white / ivory environments.

No glow. Solid, repeatable colour shapes.
